WARNINGS

- Never exceed the appropriate dosage and use only where necessary
- Read the label before using
- Wear protective gloves and masks
- Keep away from children and food
- Avoid contact with skin and eyes. In case of contact, wash with plenty of water
- It is recommended to use after soil and leaf analysis
- Not suitable for human and animal consumption
- The animals are not grazed at least 21 days after the application of organic fertilizers and soil enrichers, or the grass harvested from here is not used for feeding the animals.

COMPANY STATEMENT

Company guarantees the quality of the product when used in accordance with the manufacturer's recommendations. However, the negativities arising from misuse and mixture are out of the warranty of the company. Problems that may arise from improper use and storage conditions are the responsibility of the user.

STORAGE CONDITIONS

Store under normal conditions (cool and dry places) and in its original packaging. Do not expose the product to direct sunlight. Protect its physical and chemical qualities for at least 3 years under normal conditions. Storage temperature is between + 5 / + 35 degrees Celsius.
